**VERIFIED MEMORANDUM IN SUPPORT
MOTION TO REOPEN CASE**

NOW COMES Defendant, Maurice Clifton, Non-attorney, Non-lawyer, *In Propria Persona* ("Pro Se") and being duly sworn, under oath (18 U.S.C. Section 1001, *et al.*) and in consideration of the penalty of perjury, very respectfully supports his Motion to Reopen Case by filing this Memorandum in Support, and stating in good faith as authorized by well-settled law, the following:

PRELIMINARY STATEMENT

Defendant has suffered from the criminal infringement of his civil rights as prohibited by the United States Constitution, and the First, Fifth, Sixth and Fourteenth Amendments (U.S.C.A., Amends. 1st, 5th, 6th and 14th), as unlawfully concealed for more than twenty-one (21) uninterrupted years. Due process has been criminally suspended and unconstitutionally withheld. The mandate for absolute assistance of counsel has been willfully disregarded, and capriciously abridged. Abandonment of counsel is an apparent violation of the Sixth

Amendment, absolute right to counsel when defense counsel fails to file, serve and “enter” his Appearance, twenty-three (23) years *after* being appointed by the Court. The resulting denial of a “speedy trial” is offensive to the United States Constitution.

Our Supreme Court has been rightfully outspoken on any one of the foregoing enumerated constitutional violations. No conviction repugnant to the United States Constitution or a Defendant’s civil rights has ever been sustained or allowed to go undisturbed. To deny Defendant entitled relief, would further compromise the unrepresented Defendant’s civil and constitutional rights. Therefore, reopening this wrongfully closed case is the least that this Honorable Court *must* do!

Granting summary acquittal and dismissal of the victimized Defendant with prejudice would assure society and our Nation’s jurisprudential reputation of constitutional committed “Liberty and Justice for All!”

God Bless this Honorable Court and thank you for your time.

STANDARDS FOR RELIEF

The disposition of this criminal proceeding has been fatally unconstitutional in every rational or unrational consideration. Based on any form of reason or understanding, Federal Rule of Civil Procedure 60(b), *et al.*, very respectfully must be invoked and this unreasonably closed case must be reopened for lawful and constitutionally correct disposition. See for example, as cited in the underlying motion to reopen - **Green v. State Farm**, No 3-17-CV-1032-D-BH, 2017 U.S. Dist. Lexis 142022, 2017 WL 3835873, At 2 (N.D. Tex. Aug. 7, 2017).

This Honorable Court has spoken with authority, and without any ambiguity when it pronounces that a *Pro Se*, attempting to reopen a closed case must be treated “liberally” and pleadings must be construed with all reasonable benefit of doubt. Accordingly, the standards for showing a good cause has been lawfully satisfied and the Court is left with no discretion, but to order, reopening of this case for essential and constitutional disposition of unresolved meritorious issues.

In light of the fact that Defendant’s conviction is the product of an unfair procedure and set of circumstances, as prohibited by the Fifth and Fourteenth Amendments and setting aside the usual presumption of validity associated with all convictions; this Honorable Court is constitutionally obligated to grant entitled relief and to reopen this case. Also, summary acquittal and dismissal of Defendant with prejudice as a sanction for 60(b), *et al.*, fraud on the Court and litigation, criminal misconduct is also within the authority and purview of the Court, under said rule.

NO MERITORIOUS OBJECTIONS FOR REOPENING CASE PRESENTED

In accordance with local rules of this Honorable Court, there has been no objection or opposition by the Government for this Court not to reopen this case. Although the Government has not willfully defaulted under its legal responsibility, the Fifth Circuit has consistently found that “when the Court finds an intentional failure of responsive pleadings, there need be no other finding.” See for example: **Lacy v. Sitel Corp.**, **227 F. 3d 290, 292 (5th Cir. 2000)**. This Honorable Court has even prevented itself from deciding whether or not the Government’s “failure to respond to this litigation” was intentional failure or not. See for

example: Scott v. Carpanzanc, 556 F. App'x. 288, 294 (5th Cir. 2014); or Beitel v. OCA, Inc., (In RE: OCA, Inc.), 551 F. 3d 359, 370 n.32 (5th Cir. 2008) (*Emphasis in Original*).

Accordingly, the unopposed "Motion to Reopen" the underlying case, very respectfully suggested must be granted. See for example: Padilla v. Griffins, 2018 U.S. Dist. Lexis 5064 (January 11, 2018) – USDC 5th Circuit.

There are no compelling reasons for this Honorable Court not to grant entitled relief. For that reason and for the Government's unopposed status, relief is constitutionally warranted, including summary acquittal and dismissal of Defendant with prejudice.

IN A QUARTER OF A CENTURY OR ALMOST TWENTY-FIVE (25) YEARS,
THERE HAS NEVER BEEN SUFFICIENT DUE PROCESS PROTECTION

There can be no justification for withholding entitled relief from Defendant Maurice Clifton. In fact, the adage "*Justice Delayed, is Justice Denied*" is wholly appropriate at this point in time. Without attempting to argue the merits of Defendant's abandonment of counsel position as lawfully preserved in Motion to Reopen Case, Defendant has already been unconstitutionally prejudiced. Defendant has been without the appointed counsel and the required Appearance as never entered into force, with legal affect as required by each and every one of the eleven (11) Circuit Courts and their 94 Judicial District Courts. Accordingly, for twenty-five (25) uninterrupted years, Defendant's absolute right to assistance of counsel has been criminally violated or blatantly ignored. Also, to make matters unconstitutionally worse, the doctrine and constitutional mandate of absolute right to a "speedy trial" as criminally misapplied after waiting twenty-five (25) years for defense counsel to Appear "strains credulity to the breaking point."

There has been no “*Judicialis*” or adequate and constitutional administration of justice. It would be dangerously naïve for the wrongly imprisoned or chronically emprisoned¹ Defendant to hope for such constitutional phenomenon (*phaenomenon*) or exceptional or abnormal due process of law occurrence after waiting for an observable fact or event of simply filing, serving and “entering in force”, defense counsel’s Appearance after twenty-five (25) years, constitutes calloused disbelief. This “required event”, having never happened, rendered each and every foregone proceeding fundamentally unfair and criminally unconstitutional, as must be stricken (struck) as a nullity, as not properly before the Court.

This Honorable Court has excused the most egregious legal misbehavior and criminal malpractice in the history of public procedural litigation or federal jurisprudence. To suggest that there has been a breakdown of the adversarial process is an understatement. Defendant Maurice Clifton’s constitutional guaranty has been, as criminally concealed, criminally violated. The prejudice to the Defendant has been beyond measure. In addition, the spill-over affect as set forth in the underlying motion to reopen this case is constitutionally unforgiving. See First, Fifth, Sixth and Fourteenth Amendments of the United States Constitution. See also, good cause, examples associated with Federal Rule of Civil [criminal application] Procedure 60(b); and **Webb vs. Dallas Area Rapid Transit, 2018 U.S. Dist. Lexis 29273 (February 23, 2018).**

¹ “Emprisoned” is a strategically created word! It is intended to mean relying on or based upon experience without regard to theory; and capable of proof by verified facts. Its root word is “empirical”.

CONCLUSION

Appearance is comprehensively descriptive of what shall proceed prosecution.
(*emphasis added*) There is no need for an evidentiary hearing to gleam from the attached exemplary Dockets of the Clerk of the Court that proceeding without Appearance in force (*being entered*) is prohibited by well-settled law and the constitutional inconsistency in such practice is criminal. This Honorable Court is unauthorized to ignore or sanction by silence such misbehavior. This is not litigation for social change, but litigation for constitutional awareness. Therefore, plainly, but not as an afterthought, summary relief is morally and constitutionally warranted and entitled; including but not limited to reopening this twenty-five (25) year default case; for the sole purpose of acquittal and dismissal – with prejudice! God Bless this Honorable Court. God Bless America!
